*Three Guiding Principles of the Broward County HIV Health Services Planning Council*  
• *Linkage to Care* • *Retention in Care* • *Viral Load Suppression* •

Vision: To ensure the delivery of high-quality, comprehensive HIV/AIDS services to low-income and uninsured Broward County residents living with HIV, by providing a targeted, coordinated, cost-effective, sustainable, and client-centered system of care.

Mission: We direct and coordinate an effective response to the HIV epidemic in Broward County to ensure high-quality, comprehensive care that positively impacts the health of individuals at all stages of illness. In so doing, we: (1) Foster the substantive involvement of the HIV-affected communities in assuring consumer satisfaction, identifying priority needs, and planning a responsive system of care, (2) Support local control of planning and service delivery, and build partnerships among service providers, community organizations, and federal, state, and municipal governments, (3) Monitor and report progress within the HIV continuum of care to ensure fiscal responsibility and increase community support and commitment.

## Standard Committee Items

The PCS started with the debriefing of January's Language Matters Community Conversation Event. The event was well attended as the presentation focused on how stigmatizing language can impact an individual's health. To address stigmatizing language, recommendations were made to create a curriculum surrounding the issue and partnering with other agencies to spread awareness. As the discussion continued, V. Biggs questioned if providers have any plans of action to reduce stigma in their offices. The committee members agreed to examine the previous year's HRSA Customer Satisfaction Survey results to gauge if providers were utilizing stigma reduction methods in their offices.

**Motion #3: V. Biggs, on behalf of the CEC, made a motion to send the discussion surrounding stigma reduction with providers to the Systems of Care Committee for further examination. The motion was seconded by I. Wilson and adopted unanimously.**

**Motion #4: V. Biggs, on behalf of the CEC, made an amendment to the motion to rescind the discussion surrounding stigma reduction with providers to the Systems of Care Committee for further examination. The motion was seconded by L. Robertson and adopted unanimously.**

For the upcoming National Black HIV/AIDS Awareness Day, some of the committee members attended the Black AIDS Advisory Group's Gala (BAAG). The event was well attended, and HIV/AIDS activists were recognized and awarded for their community involvement efforts. To recognize National Black HIV/AIDS Awareness Day on February 7, 2023, the Youth Action Team at Hollywood Hill High School was highlighted by the CEC as a local event to attend.

In March, for the National Women and Girls HIV/AIDS Awareness Day, the CEC's Community Conversation Event will partner with various agencies including the Positive People Network to host a celebrity style clothing swap which will showcase a discussion panel of HIV/AIDS speakers where one of the several themes of conversation is "Our Journey to Womanhood." The event will be hosted on March 7, 2023, from 11 am – 4 pm at the African America Research Library & Cultural Center.

In April, for National Fair Housing Month, the CEC will host a Community Conversation with HOPWA and Housing Representatives. As the event is in the planning phase, the CEC members expressed an interest in hosting the event on April 19, or April 13, 2023, through the following motion:

**Motion #5: I. Wilson, on behalf of the CEC, made a motion to have the CEC host the Community Conversation with HOPWA and Housing Representatives primarily on April 19, 2023, or the alternative date of April 13, 2023. The motion was seconded by V. Biggs and adopted unanimously.**

**Motion #6: R. Shore, on behalf of the CEC, made a motion to have the CEC promote the online webinar for HIV Vaccine Awareness Day. The motion was seconded by I. Wilson and adopted unanimously.**

For the month of June, a follow-up event will, which is in the planning phase, be hosted at the Eagle in Wilton Manners. The Leather-In-Kink community is requesting to have our medical providers on the discussion panel as a show of support. After much discussion, L. Robertson suggested that we poll the providers to see their comfort level with attending the event at the Eagle versus an alternative location.

As these dates approach, there will be more planning and details given.
